

Recruiting Solution

Our Recruiting Solution, part of HealthcareSource Contingent Talent ManagementSM allows you to build a pipeline of qualified contingent staff with an online application process customized with your branding. You can ensure candidates are qualified based on their responses to the assigned discipline-specific skills checklist and competency tests. Electronic onboarding and document storage streamlines the hiring process and provides easy access for recruiters and your clients.

Online Application

Create a superior candidate experience and shorten your application start-to-completion rates.

Competency Testing Library

Access 180+ clinically validated competency tests and skills checklists to fully qualify your contingent staff.

Skills Checklist Library

Assign skills checklists so you can make better staffing decisions based upon what your clients need.

Electronic Onboarding

Reduce onboarding time and increase document management compliance with online forms and electronic signature collection.

SN = Staffing Notes
 AN = Daily Availability Notes
 FN = Facility Pref./DNR Notes
 Mouse over any of these to view the notes in a pop-up!
 Compliance check for order query is turned OFF. To check compliance for a single Provider, click the Adv Comp icon for the temp.

HealthcareSource Contingent Staffing Solution

Healthcare staffing agencies operate in a business of minutes, where decreasing time-to-fill is mission critical to growing revenue. The only way to accomplish this is by becoming more efficient where it matters most: order intake, compliance validation, payroll and billing, and talent retention. At HealthcareSource, we provide the industry's only fully integrated solution specifically designed for healthcare staffing agencies and their unique challenges.

Partner Ecosystem

Collaborating with other software vendors offers our clients a breadth of choices tailored to fit their needs. Our goal is to make our clients successful with our products and others by extending our offerings through Web API Service integrations and client-specific requests. Don't see a vendor on our list? Just ask.

“

Automated emails were a big selling point, especially when you are trying to compete and timing is crucial. The employee credentialing portion was also a plus. With the software, paperwork is ready and automated, which saves me a lot of time.

”
